

## EXECUTIVE SUMMARY

### January 11, 2008 Northwestern WAN Regional Planning Workshop

Name of Group: Northwest Wisconsin Afterschool Network (NW WAN)

Date report drafted: February 27, 2008

Report prepared by Carrie Hovland, AmeriCorps\* VISTA Leader and Kathi Vos, WAN Partnership Coordinator

## BACKGROUND AND PURPOSE

This WAN Regional Planning Workshop was held to enable the WAN Regional Networks to both coordinate WAN Regional Network gatherings *AND* connect local needs and issues of afterschool partners to WAN's statewide goals which include:

1. Create a sustainable structure of statewide, regional and local partnerships that focuses on supporting high quality afterschool programs by strengthening and connecting private and public partnerships
2. Support the development and growth of local, regional and statewide policies to secure resources needed to sustain new and existing afterschool programs
3. Support local, regional and statewide systems to ensure programs are of high quality.

This workshop was held on January 11, 2008 at the Boy Scout Office in Eau Claire. See *Appendix A* for the January 11, 2008 NW WAN Participation Roster. The consultant facilitating this workshop was Dr. Kathleen Vos, Wisconsin Afterschool Network Partnership Coordinator and 4-H Youth Development Specialist.

## THE PROCESS

During the planning portion of the workshop, participants focused on these five tasks:

1. Understanding WAN and it's recent accomplishments
2. Defining "What's in it for me" and "What can I contribute"
3. Brainstorming on possible regional goals related to WAN Statewide goals
4. Selecting a goal team and drafting a regional plan of action
5. Committing to action by selecting future meeting dates.

## RESULTS

1. Kathi Vos presented "What is WAN" PowerPoint and shared the WAN Accomplishment Report. See *Appendix B*.
2. All participants wrote down "What's in it for me" and "What I and/or my organization can contribute" on individual Post-It notes and signed their names. See *Appendix C* for a complete list of responses.
3. Participants then divided into three groups and spent ten minutes at each goal team table brainstorming on possible outcomes related to statewide goals. See *Appendix D* for a complete list of all brainstormed responses.
4. Goal Team facilitators worked with participants to create **one year plan of action**. Goal statements include:
  - **Partnership Goal:** Provide professional development activities for NW WAN members at each of the three 2008 NW WAN meetings

**Policy Goal Team:** Host a regional event at the university

**Program Quality Goal:** Increase interaction between programs so that all programs are more successful

Copies of a draft of each goal team action plan can be found in *Appendix E*.

## NEXT STEPS

Short reports were given by goal team leaders. Pat Kardin led the group in determining next steps that included upcoming Western WAN Regional Gathering Dates:

1. March 7, 2008 at the Boy Scout Office, Eau Claire
2. October 2008 (date and site needs to be picked)

## ACKNOWLEDGEMENTS

*For January 11, 2008 Western Region:*

- Katy Forsythe, Eau Claire County Extension [katy.forsythe@co.eau-claire.wi.us](mailto:katy.forsythe@co.eau-claire.wi.us)

These training events are coordinated by the University of Wisconsin Cooperative Extension 4-H Youth Development Program on behalf of the Wisconsin Afterschool Network (WAN) along with special grant from the MetLife Foundation in partnership with the National 4-H Council and the Mott Afterschool Network. Due to grant funds we are able to offer many of these training sessions with no participation fee or at a very low cost. Together we are converging for a common cause to help:

- Keep kids safe
- Inspire youth to learn and
- Help working families!

## Appendix B: Fall 2007 WAN Accomplishment Report

Shared at September 26-28, 2007 Mott Lead Conference, Washington, D.C. , at September 21, 2007 WAN State Leadership Team meeting and WAN Fall Regional Gatherings

The Wisconsin Afterschool Network (WAN) is a public/private partnership of local and state organizations that help:

- **Keep kids safe**
- **Inspire them to learn**
- **Help working families.**

**MISSION:** To support schools and community partners in delivering high quality afterschool programs to diverse school age children and youth that increase academic achievement, enhance youth development and encourage family involvement.

**VISION:** All Wisconsin school age children and youth have the opportunity to attend a high quality afterschool program.

**GOALS:**

- Partnership** - Create a sustainable structure of statewide, regional, local and school-community partnerships focused on supporting high quality afterschool programs and influencing policy development.
- Policy** - Support the development and growth of statewide policies to secure resources needed to sustain new and existing afterschool programs.
- Program Quality** - Support statewide systems to ensure programs are of high quality.

On October 1, 2005, Wisconsin received a grant from the C.S. Mott Foundation to expand the Wisconsin Afterschool Network (WAN) to over 200 local and state organizations. There are currently over 450 individuals on WAN's e-mail list-serve.

### Major WAN Accomplishments

*WAN Partnership goal accomplishments include:*

- Hosted Governor's Summit on After School Programs on February 7, 2006. 195 key stakeholders now better understand the value and need for quality after school programs.
- Created a communication system that includes two list-serves connecting 450 partners, a website and web based password protected work space.
- In 2005, formed a consensus on WAN's Governance Structure and re-examined it at the 2007 WAN Sustainability Retreat.
- Coordinated the July 19, 2006 WAN Retreat that empowered WAN State Leadership Team to take on key leadership roles.
- Consulted with the Finance Project and hosted a Tri-state (WI, IA & MN) Sustainability Retreat on June 25-27, 2007 to begin to create sustainability plans.
- Launched the Southeast, Northeast and Western WAN Regional Networks by recruiting 14 partners to develop a WAN Regional Leadership job description and facilitate four spring 2007 WAN Regional Gatherings for 100 partners.
- Collaborated with the Wisconsin Campus Compact to secure a VISTA Leader to assist with building the capacity of the WAN Regional Networks.

*WAN Policy goal accomplishments include:*

- Advocated for a federal budget appropriation with the Wisconsin Congressional delegation to increase 21<sup>st</sup> Century Community Learning Center funds.
- Coordinated a budget item narrative in the State Superintendent's Department of Public Instruction 2007-09 biennial budget request.
- Published two policy briefs (Mind the Gap and School's Out!) discussing the research supporting the role that high quality afterschool programs play in improving student achievement and promoting positive youth behaviors.

- Conducted advocacy training camps to help participants develop skills and knowledge to talk to policy-makers about the importance of afterschool.
- Hosted a Children’s Advocacy Day to train 120 partners on provisions to advocate for in the state budget, including funding for Afterschool and how to talk to policy-makers. Most participants then marched to the Capitol to visit their legislators and the Governor’s staff.
- Succeeded in getting a motion introduced into the state budget writing committee (Joint Finance) to provide state funding for afterschool programs. While the motion failed on an 8-8 vote, it helped educate members on the value of afterschool programs.
- Met with editorial boards at six of the state’s largest newspapers to discuss the importance of state funding for afterschool.
- Developed a funding proposal entitled “Wisconsin’s Expanded Learning Policy Project” to form a leadership team (comprised of the State Superintendent, governor’s education policy advisor, a legislator, a Department of Workforce Development administrator, a business leader and the Director of the Wisconsin Council on Children and Families) to develop policy strategies to enhance after-school and summer school programs. The focus will be on enhancing the academic success and career exploration of at-risk students in grades 6-9.
- Developed strategies to support federal earmarks and redirect federal funds to state afterschool efforts.

*WAN Program Quality goal accomplishments include:*

- Formed consensus on seven Guiding Principles for Afterschool Programs.
- Created a Continuous Improvement Process for Afterschool Programs (CIPAS) assessment tool and trained 35 staff, who then used it to review afterschool sites in nine Wisconsin communities. Seven afterschool sites successfully completed the CIPAS assessment with the support of mentors. Currently working with the Department of Public Instruction to develop a coaching model designed to support the implementation of action plan created as a result of CIPAS results.
- Aligned the CIPAS rubrics to reflect best practices for all types of afterschool programs.
- Collaborated with the Wisconsin Afterschool Association, Wisconsin Community Education Association, Wisconsin 4-H Afterschool and other partners to sponsor joint training on behalf of the Wisconsin Afterschool Network. This laid ground work for the WAN Training Consortium.
- Initiated a survey to measure staff competencies and further identify areas for professional development to support the WAN Training Consortium.
- In 2007, expanded program quality training opportunities to include Southeast Regional Educational Laboratory (SERVE) Afterschool Toolkit Train the Trainer workshop for 89 afterschool partners.
- In 2007, secured a \$10,000 MetLife Training grant entitled “Creating Partners and Advocates for Afterschool”. So far, 14 experienced staff trained 189 trainers at six WAN regional workshops. Trainers are currently working with 4-H staff in 11 local sites to train an additional 400 afterschool partners by October 1, 2007.
- Coordinated three Wisline Web sessions on May 11, August 14 and 23, 2007 to provide technical support and assistance to 35 MetLife grantees and WAN partners who participated in the WAN 2007 spring training sessions on “Building Partners and Advocates for Afterschool”.

**Major documents and tools developed include:**

- “Mind the Gap” and “School’s Out!” policy briefs
- 12,000 WAN Fact Card and Conference Table Tents whose logo design and printing costs were provided by the Wisconsin Education Association Council.
- WAN tabletop display
- WAN Governing Policies
- WAN Guiding Principles for quality staff development
