Mix in:

- Networking with others with similar interests
- Recreation and fun

Educational objectives are to help selected 4-H youth:

- learn more about the dairy industry
- learn more about careers in the dairy industry
- develop additional competence in a special-interest area of the dairy industry
- practice leadership and group participation skills

Sponsored and Conducted by:

- 4-H Youth Development, University of Wisconsin-Extension
- Cooperating Friends of 4-H and the Dairy Industry
- World Dairy Expo
- National 4-H Dairy Conference Planning Committee

Science Fun with Dairy Foods

Roaming thru the Rumen

Educational Off-site Experiences

What have former participants said about National 4-H Dairy Conference?

"These seminars helped me learn and understand a lot more about the dairy industry."

"The World Dairy Expo was the greatest because I got to see a large, very competitive dairy show."

"The DNA seminar was very cool! I would like to come to UW-Madison."

"Great Conference! I wasn't a dairy person, but now I am!"

"Good speakers and well organized tours."

"I really enjoyed Dan Clark's speech. I have never [heard] one that [made me] laugh/cry so much!"

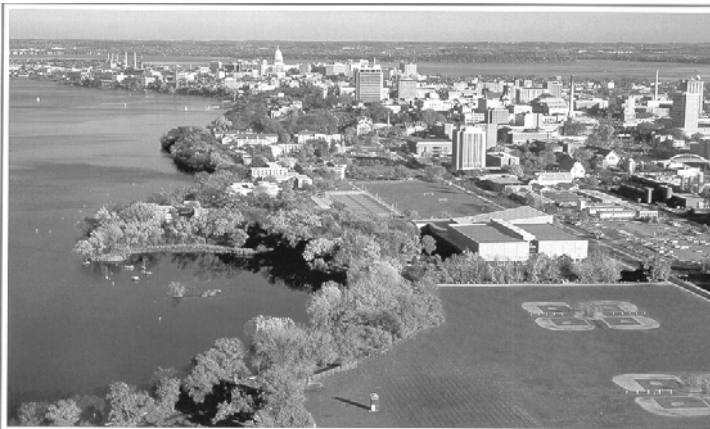

I liked learning about Hoard's Dairyman magazine; seeing the exhibits at National Dairy Shrine Museum."

"I appreciate the tours. They were very interesting. I'm glad to be able to see what I've "herd" so much about."

"[The] best [part was] meeting all the new people and learning new ideas."

"I am going to tell my club members how interesting [it was] and try to get them to come in the following years."

"Thanks to 4-H, I met a lot of neat friends."

Madison, site of the National 4-H Dairy Conference, is famous for its four lakes, scenic beauty, long-standing tradition as the state capitol, and one of the most prestigious college campuses-the University of Wisconsin-Madison including a superb agricultural school.
